

# Florence and The Machine - Sky Full Of Song

Tom: C

apotraste na 1ª casa How deeply are you sleeping or are you still awake?  
 A good friend told me you've been staying out so late  
 Be careful, oh, my darling, oh, be careful what it takes  
 From what I've seen so far, the good ones always seem to break

And I was screaming at my father and you were screaming at me  
 And I can feel your anger from way across the sea  
 And I was kissing strangers, I was causing such a scene  
 Oh the heart it hides such unimaginable things

[Pré-Refrão]

Grab me by my ankles, I've been flying for too long  
 I couldn't hide from the thunder in a sky full of song  
 And I want you so badly but you could be anyone  
 I couldn't hide from the thunder in a sky full of song

[Refrão]

Hold me down, I'm so tired now  
 Aim your arrow at the sky  
 Take me down, I'm too tired now  
 Leave me where I lie

And I can tell that I'm in trouble when that music starts to play  
 In a city without seasons, it keeps raining in LA  
 I feel like I'm about to fall, the room begins to sway  
 And I can hear the sirens but I cannot walk away

[Pré-Refrão]

Grab me by my ankles, I've been flying for too long  
 I couldn't hide from the thunder in a sky full of song  
 And I want you so badly but you could be anyone  
 I couldn't hide from the thunder in a sky full of song

[Refrão]

Hold me down, I'm so tired now  
 Aim your arrow at the sky  
 Take me down, I'm too tired now  
 Leave me where I lie

[Ponte]

I thought I was flying but maybe I'm dying tonight  
 I thought I was flying but maybe I'm dying tonight  
 And I thought I was flying but maybe I'm dying tonight  
 And I thought I was flying but maybe I'm dying tonight

[Refrão]

Hold me down, I'm so tired now  
 Aim your arrow at the sky (shoot, shoot, shoot)  
 Take me down, I'm too tired now  
 Leave me where I lie (fire)

Hold me down, I'm so tired now  
 Aim your arrow at the sky (shoot, shoot, shoot)  
 And take me down, I'm too tired now  
 Leave me where I lie (fire)
