

Florida Georgia Line - Grow Old

Tom: C

(com acordes na forma de G)

Capostrate na 5ª casa

Intro:

Verso:

Tell me you that you love me
 Say we'll always work it out
 I know it's kinda scary
 But it's only temporary doubt
 I've done a lot of stupid things
 But promise that you're gonna stay long enough
 To grow old with me
 We're gonna see the good times
 Love each other through the bad
 It's gonna hurt like hell
 When we lose our mom's and dad's
 So let my shoulder hold your tears
 Walk beside me through the years
 Baby let's see
 Where this love can lead
 Let's hold hands on your favorite beach
 Fix up a house that we found in the city limits
 Tangled up in a satin sheet
 And get a little loud when we've had too much to drink
 And learn to love from a church pew
 Laugh about all the times we counted pennies
 Buy some land with a good view
 To start a family
 Baby grow old with me

It's gonna take a little time
 We'll have to work at it everyday
 We're gonna lose a lot of sleep
 And learn to eat out of a microwave
 Know we'll probably never have it all
 But that's part of building up the walls, strong enough
 To stand up through the rain
 We'll make some love on your favorite beach
 Add to the house that we found in the city limits
 Talk our babies through the bad dreams
 When they get a little older we'll tell them not to drink
 Book a church when she finds a groom
 Laugh about all the times they'll count the pennies
 Give 'em land with a good view
 To start a family
 Baby you know we might
 Take a turn down a bad road
 Maybe go where the wind blows baby
 But end up right where we were meant to be, yeah
 Back and forth on a porch swing
 Hard not to smile thinking how it don't get much better
 Our baby's babies turning 18
 What a family
 Baby grow old with me
 Baby grow old with me
 Baby grow old with me, yeah
 Tell me you that you love me
 Say we'll always work it out
