

# Florida Georgia Line - Grow Old

Tom: C

(com acordes na forma de G )

Capostrate na 5ª casa

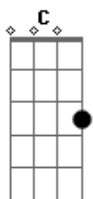

Intro:

Verso:

Tell me you that you love me  
 Say we'll always work it out  
 I know it's kinda scary  
 But it's only temporary doubt  
 I've done a lot of stupid things  
 But promise that you're gonna stay long enough  
 To grow old with me  
  
 We're gonna see the good times  
 Love each other through the bad  
 It's gonna hurt like hell  
 When we lose our mom's and dad's  
 So let my shoulder hold your tears  
 Walk beside me through the years  
 Baby let's see  
 Where this love can lead  
  
 Let's hold hands on your favorite beach  
 Fix up a house that we found in the city limits  
 Tangled up in a satin sheet  
 And get a little loud when we've had too much to drink  
 And learn to love from a church pew  
 Laugh about all the times we counted pennies  
 Buy some land with a good view  
 To start a family  
 Baby grow old with me

It's gonna take a little time  
 We'll have to work at it everyday  
 We're gonna lose a lot of sleep  
 And learn to eat out of a microwave  
 Know we'll probably never have it all  
 But that's part of building up the walls, strong enough  
 To stand up through the rain  
  
 We'll make some love on your favorite beach  
 Add to the house that we found in the city limits  
 Talk our babies through the bad dreams  
 When they get a little older we'll tell them not to drink  
 Book a church when she finds a groom  
 Laugh about all the times they'll count the pennies  
 Give 'em land with a good view  
 To start a family  
 Baby you know we might  
  
 Take a turn down a bad road  
 Maybe go where the wind blows baby  
 But end up right where we were meant to be, yeah  
  
 Back and forth on a porch swing  
 Hard not to smile thinking how it don't get much better  
 Our baby's babies turning 18  
 What a family  
 Baby grow old with me  
 Baby grow old with me  
 Baby grow old with me, yeah  
  
 Tell me you that you love me  
 Say we'll always work it out
