C **Am**
Daylight, I dream of you softly

Em **F**
I wrote you a letter that will never reach you

C **Am**
In Montreal, the days are much colder there

Em **F**
Now you grow older there, without me

C **Am**
On the lookout, baby won't you look out?

Em **F**
A car full of raccoons, I think that I'm crazy

C **Am**
And downtown, the bar lights illuminate

Em **F**
Lost in a cityscape where I try to find you

G **Am**
You walk like a miracle, bathing in starlight

C **G**
Your voice burning holes in the frame

G **Am**
I danced in the parking lot, cried in the taxi home

C **G**
Cause I still remembered your name

C **E** **F** **Fm**
And oh, I'm not in love anymore, anymore

C **E** **F** **Fm**

But I will keep you close to me for--ever

C **Am**
Moonlight, I dream of you endlessly

Em **F**
Drowning in reverie, waiting for morning

C **Am**
Dim light, I'm drunk at the bar again

Em **F**
Holding a stranger's hand, a crowd with no faces

G **Am**
And there you are, beautiful just like the first time

C **G**
You reach out, I'm shaking again

G **Am**
You're gone in a moment, you leave me alone

C **G**
But I swear you were real in my hands

C **E** **F** **Fm**
And oh, I'm not in love anymore, anymore

C **E** **F** **Fm**
But I will keep you close to me for--ever

C **Am**
I know these words might mean nothing now

Em
While I'm stuck in this ghost town

F
Your softness still haunts me

C **Am**
Someday I'll find my way out of here

Em
If you don't change your mind, my dear

F
I'll take you with me
