 C D Em Am D

C D Em  
 Not really sure but man it feels like the first  
 C D Em  
 A conversation where we don't need the words  
 C D Em  
 It's picture perfect when it all starts to blur  
 Am D  
 The focus stays on the way you lay

C D Em  
 Under the stars is when I'm over the Moon  
 C D Em  
 Your body shines the darker it's in the room  
 C D Em  
 I count the hours till the sky fades to blue  
 Am  
 Cause the heart in me's  
 D  
 Only on my sleeve

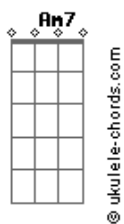

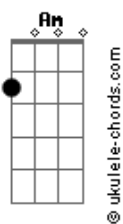

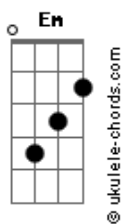

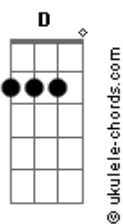

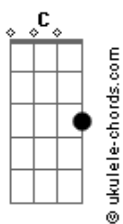

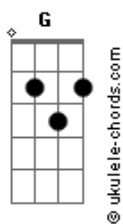

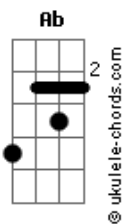

C  
 In the night  
 D Em  
 When it's just us here

C  
 In the night  
 D Em  
 I can see so clear  
 C  
 Every time  
 D Em Am  
 Until you disappear in the light  
 C  
 We only make sense in the night

C D Em  
 Your shadow's dancing as the cities asleep  
 C D Em  
 I pull the shades and pull you closer to me  
 C D Em  
 This love gets harder when the day starts to breathe  
 Am D  
 And all I know is the world moves slow

C D Em  
 With every morning that you're far away I'm not okay  
 C D Em  
 Cause I wanna wake up with you by my side and feel alright  
 C D Em  
 There's a hundred reasons why it's  
 C D Em  
 It's never easy unless  
 Am  
 Unless it's you and me yeah  
 C  
 It's you and me
