

Flyleaf - Arise

Tom: G

Tell this one we will make it out alive
 There's a note in the pages of the book
 So sleep tonight we'll sleep dreamlessly this time
 When we awake we'll know that everything's alright
 And si?ng to me about the end of the world
 End of these hammers and needles for you
 hold on to the world we all remember fighting for,
 There's still strength left in us yet
 hold on to the world we all remember dying for,
 There's still hope left in it yet
 the snow on your face, and your razor blades

The twilight is bruised and there you lie

(refrão)
 And si?ng to me, about the end of the world
 End of these hammers and needles for you
 We'll cry tonight, but in the morning we are new
 Stand in the sun, we'll dry your eyes
 And si.....ng
 Sing
 Arise
 Arise and be all that you dreamed, all that you dreamed
 Arise and be all that you dreamed all that you dreamed
 Arise and be all that you dreamed all that you dreamed
 Arise and be all that you dreamed all that you dreamed
 Arise and be all that you dreamed all that you dreamed
 Arise and be all that you dreamed, all that you dreamed
 Arise and be all that you dreamed, all that you dreamed
