

# Flyleaf - Treasure

Tom: G

Can I tell you a story  
As we dance while the sun starts to bleed

Song of songs, love is calling  
Daughter, wake up from your sleep

(refined)  
I'll become the most dazzling precious treasure  
I'll be treasured over all the earth

Bearing the gift of a new heart  
Patience ablaze, I'm slowly burning

(refined)  
I'll become the most dazzling precious treasure (2x)  
I'll be treasured over all the earth

I am in awe and in shock

I'm in love and given away  
I'm reserved with these words

Can I tell you a story  
As we dance while the sun starts to bleed  
Trees rejoice with the wind here  
Hallelujah, Yes Shua

Tonight I've become the most dazzling precious  
I am treasured over all the earth

Just look at what he's done  
How he's laying down his life  
Take this life

Oh, most dazzling precious treasure

Tonight I've become the most dazzling precious  
I am treasured over all the earth
