(Background dialogue)

I'm a little tired perhaps, but I feel peaceful

After all, what's a life anyways?

We're born, we live a little, and then we die

By helping you I think maybe I was trying to lift up my own life a bit

Chin up, remember?

Everyone likes a happy face

The autumn days grow short and cold

And how very special are we just for a moment

To be part of life's eternal ride

I'm thinking or your life

Nothing can harm you now
