

FM-84 - Let's Talk (feat. Timecop1983 and Josh Dally)

tom:

Intro: F Bb Fm
F Bb F Bb

So let's talk, talk all night long
But this time say what should be said
And I know it's hard but this for the best
Now it's time that we go separate ways

So tonight
Let's just dance, you and I can dance
Let's just dance, this is our last chance

For a while you have built up walls
Dm7 D C F Bb
Bb Dm7 F Bb

And I don't know why but I can't brake them down
And all we ever seem to do is shout
But I never know what it's about
So let's turn the lights down low
It's alright, I know you like it slow
So tonight
Let's just dance, you and I can dance
Let's just dance, this is our last chance
Let's just dance, you and I can dance
Let's just dance, this is our last chance
So tonight, yeah, let's dance
