I used to be the one  
I used to be your getaway dreamer  
I couldn't get enough  
Thinking that we would last forever  
Don't know what you're thinking of  
Slipping further out of reach  
To the edge of town we could go  
Away from all the world to see  
Bb7 C F C Am  
You were wild trying to set yourself free
