

Foals - My Number

```
tom:
Intro: B Dbm E Gbm
B Dbm E Gbm
B Dbm E Gbm E
                                                        [Refrão]
                                                                 Dbm E Gbm
                                                        You don't have my number
B Dbm E Gbm E
[Refrão]
B Dbm E Gbm
                                                        We don't need each other now
You don't have my number

B Dbm E Gbm E

We don't need each other now
                                                        B Dbm E Gbm
                                                        The creed or the culture

B Dbm E Gbm E
                                                        You don't have my lover's touch
B Dbm E Gbm
We don't need the city

B Dbm E Gbm E
                                                        ( B Dbm E Gbm )
The creed or the culture now
                                                        (B Dbm E Gbm E)
[Primeira Parte]
                                                        [Terceira Parte]
Cause I feel, I feel alive
B Dbm E Gbm E
                                                        Cause I feel, I feel alive
B Dbm E Gbm E
I feel, I feel alive
B Dbm E Gbm
                                                        I feel, I feel alive
B Dbm E Gbm E
I feel that the streets are all pulling me down
                                                        I feel that the streets are not far from here
                                                        B Dbm
( B Dbm E Gbm )
                                                        Do you even hear me?
B Dbm E Gbm E
(B Dbm E Gbm E)
So people of the city

By

E Gbm E
                                                        Do you even know my name?

B Dbm E Gbm
I don't need your counsel now
B Dbm E Gbm
                                                        Let me see the ocean there $\sf B$ $\sf Dbm \sf E {\sf Gbm} \sf E
And I don't need your good advice
                                                        I'll hold you in my arms tight
B Dbm E Gbm E
Cause you don't have my lover's touch
                                                                   Dbm E
                                                        (You don't have my number)
[Refrão]
                                                        B Dbm E Gbm E
                                                        (You don't have my number)
                                                        B Dbm E Gbm
Can you hear me?
B Dbm E Gbm E
         Dbm E Gbm
You don't have my number
B Dbm E Gbm E
We don't need each other now
                                                        And are you even listening now?
B Dbm E Gbm
The creed or the culture
                                                        [Refrão]
B Dbm E Gbm E
                                                                 Dbm E Gbm
We can move beyond it now
                                                        (BDbmEGbm)
(BDbmEGbmE)
                                                        And we don't need each other now
                                                        B Dbm E Gbm
                                                        You can't steal my thunder
B Dbm E Gbm E
[Segunda Parte]
B Dbm E Gbm
                                                        You don't have my lover's touch
Now the wolf is knocking at my door
B Dbm E Gbm E
                                                                 Dbm E Gbm
                                                        You don't have my number
B Dbm E Gbm E
Bang-bangin', ask for more
B Dbm E Gbm
Stand here, stand tall
B Dbm E Gbm E
                                                        I don't need your love now

B

Dbm

E Gbm
                                                        I don't need the city streets
We could move beyond these walls
                                                        B Dbm E Gbm E
The creed or the culture now
          Dbm E Gbm
I don't need these city's streets
B Dbm E Gbm
                                                               B Dbm E Gbm
