

Focolares - A Cidade Despertou

tom:

G

Bem cedo a cidade despertou com uma canção

Chegou o Sol, se coloriu com harmonia

E um sorriso novo de luz então nasceu

E a nova vida floresceu

Festa, alegria, liberdade vem cantar

E a tristeza não tem vez nesta magia

Pois brotou entre nós semente de uma vida

Um arco-íris sobre a terra

Festa, alegria, liberdade, vem cantar!

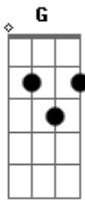

A solidão não conta mais, é primavera

Juntos nos encontramos e nos reconhecemos

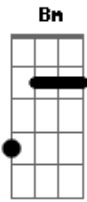

A nossa vida é para amar

Laiá, laiá
