

# Ellen Foley - We Belong To The Night

tom:

<sup>G</sup>  
The burning sun hangs over the city

<sup>G</sup>  
You and me baby, we don't feel nothing at all

<sup>C</sup>  
From nine to five we're lost

This life ain't so pretty

<sup>G</sup>  
But when the sun goes down

We know that we can stay and talk

<sup>D</sup>  
I just can't wait

<sup>Em</sup>  
For the night to come

<sup>C</sup>  
Cause when the shadows cover the light

<sup>D</sup>  
We're the only ones

<sup>G C</sup>  
Cause baby, we

<sup>G C</sup>  
We belong to the night

<sup>G C</sup>  
Yes, baby, we

<sup>G C</sup>  
We belong to the night

<sup>G D Em</sup>  
By day we just survive

<sup>D C D</sup>  
But after dark, we come alive

<sup>G</sup>  
Cause baby, we

<sup>D G</sup>  
We belong to the night

<sup>D</sup>  
Dancin' on the street

In the heat of the neon

The quiet in the cool night air

Makes it easy to breathe

<sup>C</sup>  
The music that we hear in our hearts

Gives us something to dream of

<sup>G</sup>  
Cause when that lonely soul that calls

It's those dreams that we'll need

<sup>D</sup>  
To keep us strong

<sup>Em</sup>  
To take us far

<sup>C</sup>  
Far away from the pain of the days

<sup>D</sup>  
Cause like the moon and the stars

<sup>D C</sup>  
So baby, we

<sup>G C</sup>  
We belong to the night

<sup>G C</sup>  
Yes baby, we

<sup>G C</sup>  
We belong to the night

<sup>G D Em</sup>  
By day we just survive

<sup>D C D</sup>  
But after dark, we come alive

<sup>G</sup>  
Cause baby, we

<sup>D G</sup>  
We belong to the night

<sup>D C</sup>  
So baby, we

<sup>G C</sup>  
We belong to the night

<sup>G C</sup>  
Yes baby, we

<sup>G C</sup>  
We belong to the night

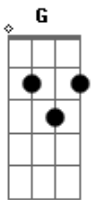

<sup>G D Em</sup>  
By day we just survive

<sup>D C D</sup>  
But after dark, we come alive

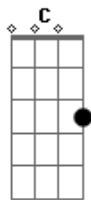

<sup>G</sup>  
Cause baby, we

<sup>D G</sup>  
We belong to the night
