

Foo Fighters - A320 Solo

Tom: **A**

Album: Godzilla Soundtrack

Ok, I can figure out the solo to A320, but I still dont know the chorus, so this is like an addition to the A320 original tab. The solo is divided into two parts. One part is pretty raw (the first one) and the second part is equipped with violins in the background.

Here is the solo:

Acordes

This comes in at about 2:50. It has a small crescendo and it busts into distortion:

In the 3/5/5 part, you can also change the mutes to all open strings. It doesnt matter. Sounds pretty much the same, it just has to be quick. And at the end of this section, he bends the 10/x/8 and goes to the next riff.

This part comes in at about 3:34
