

# Foo Fighters - Generator (Acústico)

Tom: A

A E  
Lately I'm getting better  
G**b**  
Wish I could stay sick with you  
D Dm  
But there's too many egos left to bruise

A E  
Call it a sin you call it what ever  
G**b**  
Eating deep inside of you  
D Dm  
Well if were me it's all I'd ever do

A E  
Stealing now and forever  
G**b**  
I'll steal something good for you  
D Dm  
But the criminal in me is no-one new

A E  
Til you find something better  
G**b**  
When there's nothing left to use  
D Dm  
And everything starts going down on you

RIFF  
You go out and it's on,  
A  
Yeah can't you hear my motor heart,  
D  
You're the one that started it.

A E  
Standing out on a tether  
G**b**  
Swing me around I'll spin your news  
D Dm  
You let it down I'll hang around with you

A E  
Til you find something better  
G**b**  
And there's no-one left to use
