

Foo Fighters - Home

```
Tom: C
Wish I were with you F G I couldn't stay
G Am
Every direction
F G
Leads me away
G Am
Pray for tomorrow F G
But for today
All I want is to be home
Stand in the mirror
You look the same
Just lookin' for shelter
From cold and the pain
G Am
Someone to cover
Safe from the rain
    Em
All I want is to be home
```

```
Echoes and silence
Patience and grace
All of these moments
I'll never replace
No fear of my heart
Absence of faith
    Em
All I want is to be home
0oh
    Em
All I want is to be home
People I've loved
F G
I have no regrets
G Am
Some I remember
Some I forget
Some of them living
Some of them dead
   Em
All I want is to be home
```
