```
   Versão 1
-======-

D
Every now I'm running out
Am
This time I think I'm breaking up

Come on down, we'll take this town
Am
Tonight before it turns to dust
G D
You change and then
G D
You change again
Am G D
Turning like the wheels inside your head
D
Every now I'm drifting out
Am
This time it keeps on sinking us
D
Come on down, we'll take this town
C
Tonight before it turns to dust
G D
You change and then
G D
You change again
Am G D
Turning like the wheels inside your head
D Am
Overdrive, I'm going life or death
D C
Overdrive, I'm going life or death
D Am
Overdrive, I'm going life or death
G D
Keep hanging by a thread
G D
There's a lie, I think you'll find
Am G D
It's locked inside of everyone
