Intro: E7M Db7
[Primeira Parte]
It came in a flash
It came out of nowhere
It happened so fast
               Db7
And then it was over
[Pré-Refrão]
Are you thinking what I?m thinking?
Is this happening now?
Are you feeling what I?m feeling?
This is happening now
[Refrão]
We?re all free to some degree
To dance under the lights
I?m just waiting to be rescued
Bring me back to life
Kings and queens and in-betweens
We all deserve the right
I?m just waiting to be rescued
I?m just waiting to be rescued
We?re all just waiting to be rescued tonight
( E7M Db7 )
[Segunda Parte]
I fell in a trap
My h?art?s getting colder
It?s coming on fast
It?s over my should?r
Acordes
