

# Foo Fighters - What if I do

Tom: C

**F**  
Back and forth that voice of yours  
**C**  
that keeps me up at night  
**F**  
Help me search to find the words  
**C**  
that eat you up inside  
**F**  
I go side to side like the wildest tides in your hurricane  
**C**  
and I only hide what is on my mind because I can't explain

REFRÃO

**Bb** **Am**  
What if I do, lord, what if I don't  
**Ab** **C**  
I'd have to lose everything just to find you  
**Bb** **Am**  
What if I do, lord, what if I don't  
**Ab** **C**  
I'd have to lose everything just to find you

**F**  
It's my turn this soul won't burn  
**C**  
so throw me in the fire  
**F**  
Trophies earned and lessons learned  
**C**  
wicked little lies  
**F**  
We could pave new roads with the cold gravestones  
**C**  
wind them through the pines  
**F**  
Should I stay or should I go alone  
**C**

I cannot decide
