Tom: **G**
Intro: **Em C Am Em**

Verse 1:

Your not shy
you get around
You wanna fly
Get your feet off the ground
You stay up
You won't come down
You wanna live
You wanna move to the sound

Verse 2:

Got fire in your viens
Burning hot
But you don't feel the pain
Your desire is insane
You can't stop
Until you do it again

Verse 3:

Sometimes I wonder
As I look in your eyes
Maybe
Your thinking
of some other guy
But yes I know
I know how to treat you right
Thats why you call me
In the middle of the night

Chorus:

You say its urgent
so urgent
I know its urgent
I try to tell you
its the same for me

Ohhh emergency
Yeah urgent
so urgent
Just you wait and see
How urgent our love can be
its urgent

Verse:

You play tricks
on my mind
You're everywhere
but you're so hard to find
You're not warm
or sentimental
You're so extreme
You can be so temperamental

Verse:

But I'm not looking
For a love that will last
I know what I need
and I need it fast
Yeah, theres one thing in common
that we both share
Thats a need for each other
anytime anywhere

Chorus:

You say its urgent
Make it fast
make it urgent
Gotta rush
make it urgent
Want to make it quick
make it urgent

Urgent urgent emergency
Urgent urgent emergency
urgent urgent emergency
Urgent urgent emergency
So Urgent
Emergency
