

Foreign Fields - I Have Your Weapons

Tom: F

Don't you cry
 You're not the only one
 F Don't you know that it's a simple world with a simple end

F Gone is gull (?) a lesson there

Don't be shy
 Come through your fence

F I love this world
 C But now it's time for it to disappear

F I love you all
 C But now it's time for us to disappear

And you'll run

You'll... run

And you'll run

You'll... run

Don't you cry
 Not the only one

(F C Bb)

F Every soul... from a ghost

Your life you see my eyes

F I can't begin to reconcile you

Your choice in the end, not mine

F I love this world
 C But now it's time for it to disappear

F I love you all
 C But now it's time for us to disappear

(F C Bb)
 I know you're going
 You deny you can't even help but rise

(F C Bb)
 And I have your weapons
 your powder
 I'll show you what I favor

F I am elementary earth
 C I am made of star and dirt

(You'll... run)

F I am nothing created

C You are not my language

(You'll... run)

F You are elementary earth
 C You are made of star and dirt

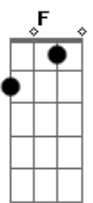

(You'll... run)

F I am not here saving you

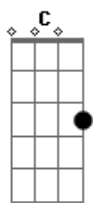

C I am here to be with you

(You'll... run)
