

# Forest Blakk - If You Love Her

tom:  
Capo: 1ª casa  
Intro: C

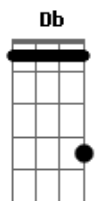

Take it  
If she gives you her heart, don't you break it  
Let your arms be a place she feels safe in  
She's the best thing that you'll ever have  
She always has trouble falling asleep  
She likes to cuddle while under the sheets  
She loves pop songs and dancing, and bad trash TV  
There's still a few other things  
She loves love notes and babies  
And likes giving gifts  
Has a hard time accepting a good compliment  
She loves her whole family and all of her friends  
So if you're the one she lets in

Take it  
If she gives you her heart don't you break it  
Let your arms be a place she feels safe in  
She's the best thing that you'll ever have  
She'll love you if you love her like that

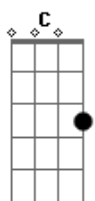

One days when  
It feels like the whole world might cave in  
Stand side by side and you'll make it  
She's the best thing that you'll ever have  
She'll love you if you love her like that

Kiss her with passion as much as you can

Run your hands through her hair whenever she's sad  
And when she doesn't notice how pretty she is  
Tell her over and over so she never forgets

Take it  
If she gives you her heart don't you break it  
Let your arms be a place she feels safe in  
She's the best thing that you'll ever have  
She'll love you if you love her  
One days when  
It feels like the whole world might cave in  
Stand side by side and you'll make it  
She's the best thing that you'll ever have  
She'll love you if you love her like that  
( C )

She'll love you if you love her like that
