

# Forest Blakk - If You Love Her

tom:  
 Capotraste na 1ª casa  
 Intro: C

Take it  
 If she gives you her heart, don't you break it  
 Let your arms be a place she feels safe in  
 She's the best thing that you'll ever have

She always has trouble falling asleep  
 She likes to cuddle while under the sheets  
 She loves pop songs and dancing, and bad trash TV  
 There's still a few other things  
 She loves love notes and babies

And likes giving gifts  
 Has a hard time accepting a good compliment  
 She loves her whole family and all of her friends  
 So if you're the one she lets in

Take it  
 If she gives you her heart don't you break it  
 Let your arms be a place she feels safe in  
 She's the best thing that you'll ever have  
 She'll love you if you love her like that

One days when  
 It feels like the whole world might cave in  
 Stand side by side and you'll make it  
 She's the best thing that you'll ever have  
 She'll love you if you love her like that

Kiss her with passion as much as you can

## Acordes

Run your hands through her hair whenever she's sad  
 And when she doesn't notice how pretty she is  
 Tell her over and over so she never forgets

Take it  
 If she gives you her heart don't you break it  
 Let your arms be a place she feels safe in  
 She's the best thing that you'll ever have

She'll love you if you love her  
 One days when  
 It feels like the whole world might cave in  
 Stand side by side and you'll make it  
 She's the best thing that you'll ever have  
 She'll love you if you love her like that
