 Cosmoman bolo

(F#m, Bm7)
 Pushing boundaries
 I spy with my glassy eyes
 A turning point to my whole life
 Rising in these palm trees
 That's me

Wearing trunks in december
 Writing to remember

Leaking on the road side
 Minding the steps, minding the crap
 Praying for my good angel
 Praying for my know-how

Planning my costumes for the next carnival
 That's my heart
 Distressed and colorful
 A burning shuttle in the deep blue
 A sparkling water swimming pool
