Intro: C G D Em

I used to be a blind man  
I couldn't see the truth  
Stuck in a world of violence  
Experienced by You

'Til I walked through that door  
And I looked on the floor  
'Cause Your love was breaking  
Through  
Heard You call me by name  
Now I won't be the same  
'Cause I found out something  
New

You're more than a feeling (feeling)  
'Cause I've seen You with my eyes  
You're more than a feeling  
(Feeling)  
You're the Living Sacrifice  
Wherever I go, there You are  
Always near, never far  
Said You'd never leave my  
Side  
You're more than a feeling  
(Feeling)  
Just tell me what feeling ever  
Saved my life, more than a  
Feeling

## Acordes

( Em D C )

I used to go out late nights  
I bet they never knew  
Hoping to get the same high  
That could only come from You  
'Til I walked through that door  
And I looked on the floor  
'Cause Your love was breaking  
Through  
Heard You call me by name  
Now I won't be the same  
'Cause I found out something  
New  
You're more than a feeling (feeling)  
'Cause I've seen You with my eyes  
You're more than a feeling  
(Feeling)  
You're the Living Sacrifice  
Wherever I go, there You are  
Always near, never far  
Said You'd never leave my  
Side  
You're more than a feeling  
(Feeling)  
Just tell me what feeling ever  
Saved my life, more than a  
Feeling
