On my way through the darkest night

High beams in the distance flashing on and off

Don?t fade to black, don?t fade to black

D **Em** **C**
Just hold on to the light

Just hold on to the light

I speak these words with an autumn tone

The falling leaves feel like home

We all want spring and perfect aim

We all want love just like a runaway train

C **Em** **D**
Don?t fade to black, don?t fade to black

Just hold on to the light

Just hold on to the light

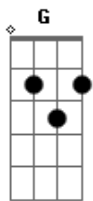

(**G** **Em** **D** **C**)

I want to be secure, I want to never look back

I?m afraid my heart can?t do that
