

Fort Minor - Welcome

Tom: F
Intro: F Am Dm

Yeah
F
Welcome
Yeah it's been a long minute
Am
Let me break it down now if ya'll still with it
Dm
First time I did it
Yeah I'll admit it
I kinda hit it and quit it and left ya'll hanging
F
Sang it, kinda off key with a passion
Am
Asking, can I give you back that action?
Dm
Yeah I'm a blast in a hashtag fashion
To spell it out for you like a masked closed caption

F
Get a closed casket
Fade to black
Am
This is my spot then I'll take it back
Dm
Get at me punk I was made for that
Ya'll don't really even know what you aiming at
F
So far back what you waving at?
Am
Ya'll can't see the stage that I'm playing at
Dm
Ya'll hating that
But that's why I do it
So tell me where the motherfucking haters at?
Cause

F
I don't need their blessing now
Am
I don't need their invitation
Dm
Ain't no way to shut me down
Or to take this path I've taken
F
And maybe I've been left out
Am
Never let this be mistaken
Dm
They can keep that bless now
Forget me now F
Cause I was never welcome

Yeah it's been a long road
Am
Never really know how it all unfold
Dm
I'm just trying hard not to sell my soul
When the rest want guns and a mouth full of gold
F
I don't hate 'em
I still love 'em
Am
That's not me
I'm not judging
Dm
Not belong
Not a bum
But disrespect me?
Well them fuck 'em

F
This a house I'm living in
Am
Ya'll just pass through visiting
Dm
I draw these lines ya'll fill 'em in
I'm a grown ass man
Ya'll children
F
No competition
I'm killing them
Am
Talking 'bout a hit man
Him and him
Dm
Let's take it out for another spin again
I don't give a fuck if I win again
Cause

I don't need their blessing now
Am
