

# Fortunate Youth - So Rebel

Tom: G

Oh there was a time, when being rebels changed our lives, oh  
 Fighting for the way we live or die, united is the way the way we  
 Strive  
 I remember when I was a young man growing up with not much luck but

I never gave up, I wondered oh of all, just look on how they fall  
 But now that we're down, there's only one way to look up now, they

Say its not where we end its where we are, your a fighting rebel oh my little star  
 So rebel

Your so rebel  
 You stay rebel  
 All of the time, all of the time

So rebel in the morning when u cannot fill your cup, so rebel when your down and your life is giving up  
 So rebel when were bound, upon this beaten ground, oh rebel wont

You go ya you all feel me now  
 So rebel  
 Your so rebel  
 You stay rebel  
 All of the time, all of the time  
 For I

Oh this friend of mine, I see you been through some ruff times fighting fighting, night and day, fighting fighting, for life, another day  
 But you see you gotta be strong, now say, life is a love, you learn

It some how, I see it proud, until the day, they finally take you away

You're so rebel, love, yeah

You're so rebel, love, yeah  
 You so rebel  
 All of the time, all of the time  
 So rebel in the morning when u cannot fill your cup, so rebel when your down and your life is giving up  
 So rebel when were bound, upon this beaten ground, oh rebel wont  
 You go ya you all feel me now  
 So rebel  
 Your so rebel  
 You stay rebel  
 All of the time, all of the time  
 For I

You can hear the hum pounding on the freeway, after the show every  
 Night when they play, the lights come down and we go, a different

Night a different show, we hear that the rebel is the way we wanna  
 See, how everyone knows, how you got to be, I hear the rebel say, every night and every day

So rebel  
 Your so rebel  
 You stay rebel  
 All of the time, all of the time

So rebel in the morning when u cannot fill your cup, so rebel when your down and your life is giving up  
 So rebel when were bound, upon this beaten ground, oh rebel wont

You go ya you all feel me now  
 So rebel  
 Your so rebel  
 You stay rebel  
 All of the time, all of the time
