

Foster The People - A Beginners Guide To Destroying The Moon

Tom: **Eb**

Verso II/Pre-Refrão:

Refrão: (Piano)

Verso I:

I can't blame you
And I can't save you
But I will try

For You and I
For You and I

I won't find out
All the dirty little things that you've done
But I will try

Verso I e Pre-Refrão:

I, I'm coming for you giants and you liars
And your chariots of fire
You charmers with your anecdotes
Have started to show your true colors

Refrão:

Now I'm staring at the moon
Wondering why the bottom fell out
i've been searching for answers
And there's questions I've found
Open you eyes, and share this burden somehow
Are you ready to drink
Or are you waiting to drown?

Verso I:

I would break you
Before I let you
Fall into a blind

For You and I
For you and I

I will breath in
All the truth I can stomach
If it keeps you alive

I, I

Verso I/Verso II:

We've changed the dreamers and the preachers and the wise men
on the hill
To concrete stepping smilers
Terrified to lose their power and control

(Ah, ah)

We've been crying for a leader
To speak like the old prophets
The blood of the forgotten wasn't spilled without a purpose
Or was it?

Refrão:

Now I'm staring at the moon
Wondering why the bottom fell out
i've been searching for answers
And there's questions I've found
Open you eyes, and share this burden somehow
Are you ready to drink
Or are you waiting to drown
Solo:

(Yeah, Ah)

C **Em**
yeah, you'll never be whole
Eb
yeah, You'll never be whole
Ab7
Until you lose control
Eb
And think freely to smash the wall of apathy

Yeah, you'll never be whole
Yeah, You'll never be whole
Until you lose control
And stop drinking the wine, that's been dripping
From lips of the gluttons and envying their bloody teeth

Yeah, yeah, you'll never be home
You'll never be home
Until you lose control
