

# Foster The People - Coming Of Age

Tom: Bb  
Intro: F Gm Bb Eb (4x)

Well, I see you standing there like a rabid dog  
And you got those crying eyes  
Makes me wanna surrender and wrap you in my arms  
You know I try to live without regrets  
I'm always moving forward and not looking back  
But I tend to leave a trail of debt while I'm moving ahead  
And so I'm stepping away

(Ahhhh...) 'Cause I got nothing to say

Feels like, feels like it's coming  
It feels like, feels like I'm coming of age  
Feels like, feels like it's coming  
It feels like, feels like I'm coming of age

Solo  
F Gm Bb

And when my fear pulls me out to sea  
And the stars are hidden by my pride and my enemies  
I seem to hurt the people that care the most  
Just like an animal I protect my pride  
When I'm too bruised to fight

And even when I'm wrong I tend to think I'm right

Well I'm bored at game (Ahhhh...)

And too tired to rage

Feels like, feels like it's coming  
It feels like, feels like I'm coming of age  
Feels like, feels like it's coming  
It feels like, feels like I'm coming of age

Feels like, feels like it's coming  
It feels like, feels like I'm coming of age  
Feels like, feels like it's coming  
It feels like, feels like I'm coming of age

[Piano]  
(F Gm Bb Eb)(4x)  
(F Gm)

Feels like, feels like I'm of coming of age  
Feels like, feels like it's coming  
It feels like, feels like I'm of coming of age  
Feels like, feels like it's coming  
It feels like, feels like I'm of coming of age  
Feels like, feels like it's coming  
It feels like, feels like I'm of coming of age

## Acordes
