Frank Sinatra - Ive Got The World On a String

Tom: Ab

```
                F        D7
I've got the world on a string
  Gm7        Bbm7
Sitting on a rainbow
  Fm7                    D7   Db7
Got that string around my finger
  C7                             F      Edim7
What a world, what a life, im in love.
           F        D7
I've got a song that I sing
Gm          Bbm7
I can make the rain go
  Fm7              D7   Db7
Anytime I move my finger
  C7                           F
Lucky me, can't you see, I'm in love
                    A7
Life's a beautiful thing
                      F#m7b5   D7
As long as I hold that string
                     G7   Gaug
I'd be a silly so and so
                      G7   C7
If I should ever let it go
```

```
                F        D7
I've got the world on a string
  Gm         Bbm7
Sitting on a rainbow
  Fm7                    D7   Db7
Got that string around my finger
  C7                             F      Edim7
What a world, what a life, im in love.
                         A7
Life's a beautiful thing
                          F#m7b5   D7
As long as I hold that string
                         G7   Gaug
I'd be a silly so and so
                          G7   C7
If I should ever let it go

                F        D7
I've got the world on a string
  Gm         Bbm7
Sitting on a rainbow
  Fm7                    D7   Db7
Got that string around my finger
  C7                             F      Edim7
What a world, what a life, im in love.
```
