

Frank Sinatra - Saturday Night Is The Loneliest Night In The Week

Tom: C
Intro: (Horns for guitar):

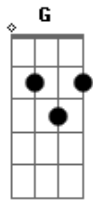

G
Saturday night is the loneliest night in the week
cause that's the night that my sweetie and I used to dance
cheek to cheek
I don't mind Sunday night at all
'cause that's the night friends come to ball
And Monday to Friday's go fast
And another week goes past
But Saturday night is the loneliest night in the week
I sing the song that I sang for the memories I usually seek
Until I hear you at the door
'til you're in my arms once more

G Saturday night is the loneliest night of the week **C**
(Horn Break)
G Hey now, Saturday night is the loneliest night of the week
And I sing the song that I sang for the memories I usually seek
Until I hear you at that door
Until you're in my arms once more
G Saturday night is the loneliest night of the week **C**
(Horns)
Until I hear you at that door
Until you're in my arms once more
G Saturday night is the loneliest night of the week **C**
