

# Frank Turner - Don't Worry

tom:

A

[Primeira Parte]

Don't worry if you don't know what to do  
 I've spent a little time in worried shoes  
 I wore them out through walking  
 It wasn't any use  
 Don't worry if you don't know what to do

[Segunda Parte]

Don't give up if you just can't get your way  
 Don't listen to the bitter things they say  
 Put those thoughts behind you  
 Tomorrow's a new day  
 Don't give up if you just can't get your way

[Ponte]

Life hurts  
 And love will burn  
 Don't we wish it weren't that way  
 And if it  
 Falls to bits  
 You should fix it  
 Don't throw it away

[Terceira Parte]

Don't let your heart get hardened into stone  
 Or lose yourself in looking at your phone  
 So many so-called friends  
 And still you feel alone  
 You should spend more time with the do's than with the don'ts

[Ponte]

Life hurts  
 And love will burn  
 Don't we wish it weren't that way  
 When you  
 Can't pull through  
 I will help you  
 I won't push you away

[Refrão]

Don't worry if you don't know what to do  
 Don't worry if you don't know what to do  
 Don't worry if you don't know what to do  
 Don't worry if you don't know what to do  
 I don't know what I'm doing  
 No-one has a clue  
 But you'll figure it out  
 And I might too
