

# Freddie Long - Jean

tom:

Gm

Let me tell you about

Dm

Jean, down, the road

Always dressed to tease

From head, to toe

Gm

No one really knows what's wrong or right

Dm

And tends to keep to herself all day and night

Cm

And every now and then she wakes

Dm

She tends to move in her own ways

Cm

You never want to see her break, down

Dm

And after all these years have passed

And think she'd last

Gm

Where is she now

Cm

Never around

Gm Fm

Where is she now

Cm

Ooh is out of town

Gm

Where is she now

Cm

Where is she now

Eb7 D7

Because now i need her here

More than any words can say

( Gm Dm Gm Dm )

Gm

She may be lost

Dm

She may be found

Gm

I cannot breath

Dm

When she's not around

Cm

And every now and then o wait here

Dm

Until the day we meet again my dear

Cm

Because i will be there for you

Dm

And you could be your girl

And i could be your guy

Gm Fm

Where is she now

Cm

Never around

Gm Fm

Where is she now

Cm

Ooh is out of town

Gm

Where is she now

Cm

Where is she now

Eb7 D7

Because now i need her here

Because baby now i want you here

Has anybody seen her

Because i want her right now

And i want here

Has anybody seen

Has anybody seen her
