Tom: **D**

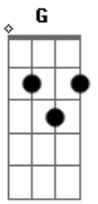

**D**  
 Eu quis dizer  
     **G**  
 mas você não deixou  
     **A7**                      **D**  
 Nós não tocamos o seu roquenrol  
                                          **D7**  
 O que a gente toca?  
     **G**

Eu só sei que é legal  
     **A7**  
 pode ser punk-rock  
     **D**  
 pode ser Sidney Magal  
                                          **Bm**                                      **Em**  
 A gente quer com esse som  
     **G**                                      **D**                      **D**  
 tentar mudar o mundo  
     **Bm**                                      **Em**  
 mas tudo que nós temos  
     **G**                                      **A**      **D**  
 são trinta segundos
