

# FUR - Close The Curtain

tom:

Intro: Bm Bm

[Primeira Parte]

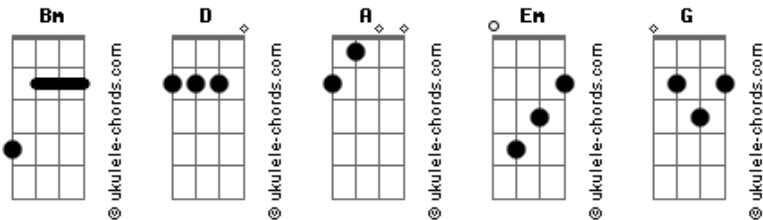

I have time to be your lover  
 I don't know if I can be your friend  
 All that was so familiar to me  
 Now feels like I won't have again  
 I always wish I had a brother  
 Someone I could see inside of me  
 At least I thought that I'd be a better man  
 If I taught him how to really be

[Refrão]

The light in life's too bright  
 So I close the curtain and I wait  
 Until that dark day comes  
 And the feeling that it's all too late

[Segunda Parte]

## Acordes

The tired tree I used to climb  
 Has lost its branches over time  
 That old song I used to sing at home  
 How I wish that I could just rewind

[Refrão]

The light in life's too bright  
 So I close to the curtain and I wait  
 Until that dark day comes  
 And the feeling that it's all too late

[Terceira Parte]

I pack my bags and hope  
 For a change greater than the cause  
 No one would ever know  
 If I left it all back in this place

[Final] Bm D A Em  
 G D A Bm
