

# Future Islands - King Of Sweden

tom:  
Gm

I was on the <sup>Eb</sup> <sup>F</sup> train  
Thinking 'bout a holiday <sup>Cm</sup>  
I was on the M1  
Dreaming 'bout my getaway <sup>Gm</sup>  
Let's try reset <sup>F</sup>  
In-flight headset  
Feeling like I'm fifteen  
Wandering with the misfits <sup>Bb</sup>  
And all went silent <sup>Cm</sup>  
Purples, violets  
The kind of cursive quiet <sup>Gm</sup>  
One with the starry eyelids  
A sweet unsweetened <sup>F</sup>  
An eve uneven  
The lights trailed like incense <sup>Cm</sup> <sup>Eb</sup>  
To the figure in the distance

[Refrão]

<sup>Bb</sup> <sup>Cm</sup> <sup>Eb</sup>  
You are all I need <sup>F</sup> <sup>Cm</sup>  
Nothing said could change a thing <sup>Eb</sup> <sup>Bb</sup> <sup>Cm</sup> <sup>Eb</sup>  
Where you go, I go, just say, I'll b? <sup>Bb</sup> <sup>Cm</sup> <sup>Eb</sup>  
'Cause you are all I need

[Segunda Parte]

<sup>Bb</sup>  
I met th? King of Sweden <sup>Cm</sup>  
When I was walking in the headlights

Drowning in a bender  
Frozen in a red light <sup>Gm</sup>  
I'm always flying  
So I'm always crying <sup>F</sup>  
Losing my emotion  
On a desert island <sup>Bb</sup>  
Looked just like heaven <sup>Cm</sup>  
Seven alligator seven  
Spoke to the reverend  
Still filled me with aggression <sup>Gm</sup>  
Slept dry in tents  
The moon was glowing incensed <sup>F</sup>  
Was it the sun on the horizon?  
It lit the figure in the distance <sup>Cm</sup> <sup>Eb</sup>  
[Refrão]

<sup>Bb</sup> <sup>Cm</sup> <sup>Eb</sup>  
You are all I need <sup>F</sup> <sup>Cm</sup>  
Nothing said could change a thing <sup>Eb</sup> <sup>Bb</sup> <sup>Cm</sup> <sup>Eb</sup>  
Where you go, I go, just say, I'll b? <sup>Bb</sup> <sup>Cm</sup> <sup>Eb</sup>  
'Cause you are all I need <sup>Bb</sup> <sup>Cm</sup> <sup>Eb</sup>  
And you are all I need <sup>F</sup> <sup>Cm</sup>  
Oh, you are all I need

( <sup>Bb</sup> <sup>Gm</sup> <sup>Cm</sup> )

[Final]

So much more  
<sup>Eb</sup> <sup>Gm</sup>  
That means so much more

( <sup>F</sup> <sup>Bb</sup> )
