

# Ga Setubal - Volúpia Pura

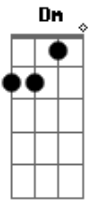

tom:  
 Sua noturna cúmplice luxúria  
 É volúpia pura  
 Puma em plumas  
 Perfume de chuva  
 Temporal  
 Seu busto escuso  
 Textura de escultura  
 Acúmulo de duvidas  
 Mural de pele e sal  
 Sua vulva  
 Gruta azul turquesa  
 Quebra as correntes

Da correnteza  
 Incendeia as leis  
 A lava e a luz  
 Sua postura impura  
 Vulgar russa  
 Oculta os cultos  
 Mergulha em curvas na contra mão  
 Tira do chão os meus pés e minha cabeça  
 Me cura de um mundo careta  
 Me leva em suas mãos  
 Me toca com a boca  
 Me come com a nuca  
 Me morde com suas cochas  
 Me fode como nunca
