

# Gabi Pasche - Ninguém Dorme

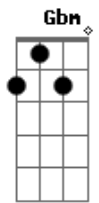

tom:  
Gbm

Agora tudo faz sentido pra nós dois  
Desse jeito, do meu lado, te venero  
Meu amor, eu preciso dizer que te amo, te quero

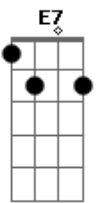

No teu abraço me desfago da saudade  
Tem magia, alegria, tudo é festa  
O teu desejo é meu desejo  
E o nosso beijo tem gosto de felicidade

0 céu já clareou  
Ninguém dorme  
A noite vira dia  
A vida tem mais cor  
Somos nós dois  
E a euforia de estar  
Junto a todo tempo  
Não termina nem com a luz do amanhecer  
Isso é que é viver
