

Gabriel Blondet - Speechless

Tom: **Db**

(forma dos acordes no tom de **Bb**)
Capostrate na 3ª casa

Every time I see you, I can't say a word
 Every time I'm near you, all I can see's a blur
 Cause when you're beautiful like that
 There's no one who could hold you back
 Girl, you shine just like a star
 You know you're the best by far

You got me so speechless, I'm running out of words to say
 You got me so breathless, watching every step you take
 And I don't know what you do to me
 To make my heart skip a beat
 But it works every time you call my name

Whenever I lose my mind, you're always there to remind me
 We always have each other's back
 There's no way that you can't find me
 Cause we fit perfectly, yeah you're my melody
 And there's no better way to tell you

You got me so speechless, I'm running out of words to say
 You got me so breathless, watching every step you take

And I don't know what you do to me
 To make my heart skip a beat
 But it works every time you call my name

Did you figure things out?
 I your type of guy? Do you have a doubt?
 I too late now? Come on baby, we can work it out
 Just hold my hand, we'll start over, make new plans
 Give me one last chance, I know we could be together

You got me so speechless, I'm running out of words to say
 You got me so breathless, watching every step you take
 And I don't know what you do to me
 To make my heart skip a beat
 But it works every time you call my name

You got me so speechless, I'm running out of words to say
 You got me so breathless, watching every step you take
 And I don't know what you do to me
 To make my heart skip a beat
 But it works every time you call my name

But it works every time you call my name
 It works every time you call my name
