

Gabriel Blondet - Where Are You?

Tom: C

Woke up late this morning
Thinking about last night
Saw you for the first time
Couldn't say anything right

You were so gorgeous
From your head to your dress
Got me so obsessed
But then you disappeared girl
Couldn't find you anywhere

Where are you, baby?
I've lost you, but maybe
Tonight's the night, I'll find you
Make it right, make it right

Where are you, baby?
I saw you, this is all so crazy
Can't get you off my mind
Wish I could go back in time

Yeah yeah yeah, mm-hmm

So sudden, struck like lightning
Blasted right in front of my eyes
Your beauty was like magic
You had me so hypnotized

Am

By your long brown hair
Couldn't help but stare
I was lost in your curves, now I'm left in despair
And I don't know what to do
All that's left is finding you

Where are you, baby?
I've lost you, but maybe
Tonight's the night, I'll find you
Make it right, make it right

Where are you, baby?
I saw you, this is all so crazy
Feels like you're burning a hole in my mind
It's a feeling that I can't fight

You said you'd be here but you never came
Why do you wanna make me feel this way?
I'm tired of hoping that you'd feel this same
It's over now, I'm lost again

Where are you, baby?
I've lost you, but maybe
Tonight's the night, I'll find you
Make it right, make it right

Where are you, baby?
I saw you, this is all so crazy
Can't get you off my mind
Wish I could go back in time
