

Gabriel Xavier - A Song About Loneliness

tom:

Hey, I'm so sorry
 If I let you down today
 Hey, don't worry
 I won't bother you anyway
 Hey, I'm so lonely
 I just have some fake friends
 Oh hey, I'm so sorry
 If I let you down today

Hey girl, oh, please let me know
 If I'm a star in your sky
 Cause I'm burning to the ground
 Sinking in the ground
 I'm diving in the waterless pool

Hey, I'm so lost
 Don't know where I should be

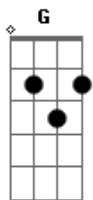

Hey, I'm confused
 Your eyes are infinity
 Hey I'm so fucked
 Cause don't matter which way I choose
 And hey I'm in love
 Can't say the same about you

Hey girl, oh, please let me know
 If I'm a star in your sky
 Cause I'm burning to the ground
 Sinking in the ground
 I'm diving in the waterless pool

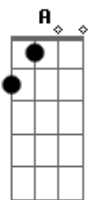

[Solo de Guitarra/Violão]

Hey girl, oh, please let me know
 If I'm a star in your sky
 Cause I'm burning to the ground
 Sinking in the ground
 I'm diving in the waterless pool
