

Gabrielle Aplin - Heavy Heart

Tom: Gb

(com acordes na forma de D)

Capotraste na 4ª casa

Bm A Em
I saw you staring into nothing

In the silence something screaming
Bm A Em
I know you're trying but there's nothing left to say
Bm A Em
I feel better in the morning,

When all my troubles lose their meaning
Bm A Em
Let go there's nothing you can change

Bm A
I know it hurts to watch me bleeding
E
Can't tell you what I need and
Bm A Em
We can't stop the river rising

CHORUS

Bm A E
I've got a heavy heart
Bm A E
Too much for you to hold
Bm A E
We always come apart
Bm A E
And then I treat you so cold

Bm A Em
We can't pretend there's nothing wrong but

I was telling you it's not your fault
Bm A Em
You wanted hope but it's hopeless every time
Bm A Em
We're bittersweet in the Sunlight

We can't believe every story we're sold

Bm A Em
There is truth in the darkness we find

Bm A
I know it hurts to watch me bleeding
E
Can't tell you what I need and
Bm A Em
We can't stop the river rising

CHORUS

Bm A E
I've got a heavy heart
Bm A E
Too much for you to hold
Bm A E
We always come apart
Bm A E
And then I treat you so cold

BRIDGE

Bm A
The chemicals that we are breathing
Em
Lock you out and I keep looking it
Bm A
I am running out of reasons
Em
Don't help myself by looking in
Bm A E
I know I'm standing in the way
Bm A Em
I know I'm standing in the way

CHORUS

Bm A E
I've got a heavy heart
Bm A E
Too much for you to hold
Bm A E
We always come apart
Bm A E
And then I treat you so cold
