Tom: E

(com acordes na forma de )  
Capostrate na 7ª casa  
Intro:

Verse 1: (same as intro)  
You wrote me notes on paper bags  
you strolled the roads as I turned back  
Air was calm the sky was black  
You wrote a list of things I lack

Pre-Chorus:

We've come to realize

We've opened up our eyes

Chorus:

You're a mountain I can't climb yet  
And I'm a painting but You're blinded

Oh ohh ohh

Always have 2 justify how my tongue dances  
We're barely getting by on taking chances  
And we come to realize  
It's us that we despise

Chorus: (same as before)  
You're a mountain I can't climb yet  
And I'm a painting but you're blinded

Ending:

Ohh oh oh

We come to realize  
It's us that we despise
