

Gabrielle Aplin - Shallow Love

Tom: Eb

(com acordes na forma de Capotraste na 3ª casa C)

I think I think too much
 I think we know too much
 Every time I'm pushing past I'm led right in
 I'm in a photograph
 Why different people pass
 I'm looking out and they just stare right in

Ponte:
 I've been looking for a moment to say a line
 But I just end up with nothing

Refrão:
 Give me a reason to let you go
 Cause I am drowning in your shallow love
 Give me a reason, won't you let me know?
 This heart of mine is sinking like a stone
 Shallow love, let me go
 Shallow love, let me go

(C F Am F F C)

Verso:
 I try to wind it off
 I think I've said enough
 Don't you think it's time that you go take your turn?
 Maybe I'm wasting time
 My emotion's paralyzed
 And I don't even hear you when you're crying out loud

Ponte:

I'm always waiting for someone to start a fight
 But I just end up with nothing

Refrão:
 Give me a reason to let you go
 Cause I am drowning in your shallow love
 Give me a reason, won't you let me know?
 This heart of mine is sinking like a stone
 Shallow love, let me go
 Shallow love, let me go
 Shallow love, let me go
 Shallow love, let me go

I never feel the wanting
 I never feel the needing
 Give me a reason to follow, follow
 I'm starting running to you
 I'm tired of asking again and again, again and again

Refrão:
 Give me a reason to let you go
 Cause I am drowning in your shallow love
 Give me a reason to let you go
 Cause I am drowning in your shallow love
 Give me a reason, won't you let me know?
 This heart of mine is sinking like a stone
 Shallow love, let me go
 Shallow love, let me go
 Shallow love, let me go
