

# Gabrielle Aplin - The House We Never Built

Tom: F

Intro 2x: Am C Gm

verse 1:

I broke another glass  
 In the house we never built  
 The winter is always cold enough  
 Cold enough to kill  
 Just a little jasmine  
 Just a little salt in my wounds  
 What happens if I tell you  
 To tell the truth?

chorus:

Tell me you love her  
 And I'll be gone  
 Tell me you love her  
 And my heart was simply wrong  
 Just say the words and I'll turn around  
 I'll be gone without a sound  
 And bu-u-u-urn this house to the ground

verse 2:

It's like I never left  
 The house we never built  
 I broke another mirror  
 Now it's 21 years left  
 Just a little bad luck

Just a little salt in my wounds  
 Break it to me gently, gently!  
 chorus:  
 Tell me you love her  
 And I'll be gone  
 Tell me you love her  
 And my heart was simply wrong  
 Just say the words and I'll turn around  
 I'll be gone without a sound  
 And bu-u-u-urn this house to the ground

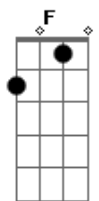

bridge:

I'll bu-u-u-urn it down  
 Feel the heat of my face  
 See it go up in flames  
 I'll bu-u-u-urn it down  
 Burn it in to the ground

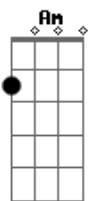

chorus: (played quietly)

Tell me you love her  
 And I'll be gone  
 Tell me you love her  
 And my heart was simply wrong  
 Just say the words and I'll turn around  
 I'll be gone without a sound  
 And bu-u-u-urn this house to the ground
