

# Gabrielle Aplin - This Side Of The Moon

Tom: E

Pays no attention at me <sup>Gb</sup>  
 Makes me believe that I'm free  
 Am I worth nothing at all?

Am I worth nothing at all? <sup>A</sup>  
 We would be so different <sup>Db B</sup>

If you could hear what he says, how little he even cares  
 Like he knows nothing at all

He knows nothing at all <sup>A</sup>  
 Love can be so distant <sup>Db B</sup>

I swear he brings it on himself <sup>Gb</sup>  
 He's the reason that you make me melt <sup>B</sup>  
 I am done with this fighting  
 I need to burn it down

Every time we're dancing <sup>Gbm</sup>

I look into his eyes <sup>A</sup>  
 I'm daring him to ask me <sup>Dbm</sup>  
 He might as well be blind <sup>E B</sup>

Take it as a given <sup>Gbm</sup>  
 Like I could never go <sup>A</sup>

I could just tell him I want him to know <sup>E B</sup>

This side of the moon <sup>Gbm</sup>  
 I'm with you <sup>A</sup>

This side of the moon <sup>Dbm</sup>  
 I'm with you <sup>E B</sup>

What do you feel for me?  
 Is it nothing but pity

That's not what I need

That is not what I need <sup>A</sup>  
 You know what I'm saying <sup>Db B</sup>

It doesn't have to be hard <sup>Gb</sup>  
 We don't have to be far  
 I am running to you

I am depending on you <sup>A</sup>

Will you be there waiting? <sup>Db B</sup>

I swear he brings it on himself <sup>Gb</sup>  
 I swear he brings it on himself <sup>A Dbm</sup>

He's the reason that you make me melt <sup>B</sup>  
 I am done with this fighting  
 I need to burn it down

Every time we're dancing <sup>Gbm</sup>

I look into his eyes <sup>A</sup>  
 I'm daring him to ask me <sup>Dbm</sup>  
 He might as well be blind <sup>E B</sup>

Take it as a given <sup>Gbm</sup>  
 Like I could never go <sup>A</sup>

I could just tell him I want him to know <sup>E B</sup>

This side of the moon <sup>Gbm</sup>  
 I'm with you <sup>A</sup>

This side of the moon <sup>Dbm</sup>  
 I'm with you <sup>E B</sup>

Gbm A Dbm B

This side of the moon <sup>Gbm</sup>

I'm with you <sup>A</sup>

This side of the moon <sup>Dbm</sup>

I'm with you <sup>B</sup> (x6)
