

Gabrielle Aplin - Waking Up Slow

Tom: D

^A
Heaven help me
My mind changes like the wind
^A
Please excuse me
I don't know where to begin

^G
But I didn't think I cared
^D ^A
I could be your friend
But I'm unprepared
Oh, I've never felt like this

^G
I was unaware

^D ^A
You were lighting flares
Now I'm running scared

^{Em}
How did it come to this?

^D ^A
You know I've never been so lonely on my own
^{Em} ^D ^A
And it shows 'cause I don't see you like I used to
Now I'm going back on the things that I know

^D ^A ^G
Oh, all my nights taste like gold
^G ^A ^D
Yeah, when I'm with you it's like everything glows
^A ^G
And all my days we can lay low
^G ^A ^D
Yeah, when we're waking up, we're waking up slow

^G
I can rearrange
^D ^A
Could you do the same?
I don't wanna change
But you're just too good to miss

^G
'Cause I'm intertwined
^D ^A
And I'm running blind
But I don't mind
^{Em}
I'm so glad it came to this

^D ^A
You know I've never been so lonely on my own
^{Em} ^D ^A
And it shows 'cause I don't see you like I used to

Now I'm going back on the things that I know
^D ^A ^G
Oh, all my nights taste like gold
^G ^A ^D
Yeah, when I'm with you it's like everything glows
^A ^G
And all my days we can lay low
^G ^A ^D
Yeah, when we're waking up, we're waking up slow

^D ^A
It's a little bit clearer now
^G ^A ^D
I love you like the sun came out
Oh, we're waking up, we're waking up slow
^A
It's like I never had a doubt
^G
I love you like the sun came out
^G ^A
Oh, we're waking up, we're waking up
^G ^D
Like I told ya

Don't look backwards
'Cause now I see you here
^A
Nothing else matters
^G ^D
Like I told ya
Don't look backwards

^A
'Cause now I see you here
I'm going back on the things that I know

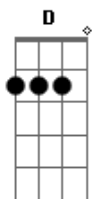

^D ^A ^G
Oh, all my nights taste like gold
^G ^A ^D
Yeah, when I'm with you it's like everything glows
^D ^A ^G
And all my days we can lay low
^G ^A ^D
Yeah, when we're waking up, we're waking up slow

^D ^A
It's a little bit clearer now
^G
I love you like the sun came out
^G ^A ^D
Oh, we're waking up, we're waking up slow
^D ^A
It's like I never had a doubt
^G

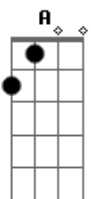

I love you like the sun came out

^G ^A ^D
Oh, we're waking up, we're waking up slow
