

Gabrielle Current - B&W

tom:

Intro: C B7 Em G

Were you born in black and white
 You got that classic kind of beauty
 You're the only thing I like
 Tonight was made for me and you
 Pretend that's true
 (It's true)
 (C B7 Em G)

How am I supposed to leave?
 When you're still filing up my lungs
 You're the oxygen I breathe
 Don't give then all I want for free

Save some for me
 (For me)
 (For me)

[Refrão]

Promise me

You'll let me love you selfishly
 You'll let me give you everything willingly That you need
 Kind of wanna make you promise me
 You'll let me love you selfishly
 You'll let me give you everything willingly That you need

I don't wanna let you go
 Never gonna let you go

[Segunda Parte]

Everytime I close my eyes

I see your portret and kaleidoscope
 I must be hypnotized
 Tonight was made for you and me
 Pure poetry

[Refrão]

Promise me

You'll let me love you selfishly
 You'll let me give you everything willingly
 That you need

Kind of wanna make you promise me

You'll let me love you selfishly

You'll let me give you everything willingly that you need

I don't wanna let you go

Never gonna let you go

I don't wanna let you go

Never gonna let you go

Never gonna let you go

Promise me

You'll let me love you selfishly

You'll let me give you everything willingly

That you need

Kind of wanna make you promise me

You'll let me love you selfishly

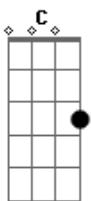

You'll let me give you everything willingly that you need

I don't wanna let you go

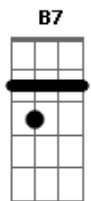

Never gonna let you go

(C B7 Em G)
