Achilles, it's not much but there's proof

[Pré-Refrão]

Am C A Dm
Loathe the way they light candles in Rome
A G Am
But love the sweet air of the votives
Am C A Dm
Hurt and grieve but don't suffer alone
A G Am
Engage with the pain as a motive

[Refrão]

Dm C G
Today of all days, see
Em C G C
How the most dangerous thing is to love
Em C G C
How you will heal and you'll rise above

[French language sample] Am G C Dm

[Terceira Parte]

Am G C Am
Achilles, Achilles, Achilles, jump now
Am Am G C
You are absent of cause or excuse
Am G C Am
So self-indulgent and self-referential
Am G Am
No audience could ever want you
Am G C G
You crave the applause yet hate the attention
Am G C

Then miss it, your act is a ruse

Am C C Am
It is empty, Achilles, so end it all now

[French language sample] Am G C Dm

[Quarta Parte]

Am G C Am
Achilles, Achilles, just put down the bottle
Am Am G C
Don't listen to what you've consumed
Am G C Am
It's chaos, confusion and wholly unworthy
Am G C
Of feeding and it's wholly untrue
Am G C Dm
You may feel no purpose nor a point for existing
Am G C
It's all just conjecture and gloom
Am G C Dm
And there may not be meaning, so find one and seize it
Am G C
Do not waste yourself on this roof

[Pré-Refrão]

Am C A Dm
Hear those bells ring deep in the soul
A G Am
Chiming away for a moment
Am C A Dm
Feel your breath course frankly below
A G Am
And see life as a worthy opponent

[Chorus]

Dm C G
Today of all days, see
Em C G C
How the most dangerous thing is to love
Em C G C
How you will heal and you'll rise above
Em C G C
Crowned by an overture bold and beyond
Am G C
Ah, it's more courageous to overcome

[French language sample] Am G C Dm

[Quinta Parte]

C Am
You want the acclaim, the mother of mothers
Am Dm
(It's not worth it, Achilles)
More poignant than fame or the taste of another
Am C
(Don't listen, Achilles)
But be real and just jump, you dense motherfucker
Am C
(You're worth more, Achilles)
You will not be more than a rat in the gutter
Am G C
(So much more than a rat)
You want my opinion, my opinion you've got
Am G G
(No one asked your opinion)
You asked for my counsel, I gave you my thoughts
Am Dm
(No one asked for your thoughts)
G G Dm
Be done with this now and jump off the roof

(Be done with this now and get off the roof)
 Can you hear me, Achilles? I'm talking to you

I'm talking to you
 I'm talking to you
 I'm talking to you
 Achilles, come down
 Achilles, come down

[French language sample] Am G C Dm C
